FOR IMMEDIATE RELEASE

Child Passenger Safety Clinic schedule set

HOUGHTON – Twelve Child Passenger Safety Clinics will take place across the Copper Country in the next few months. The clinics are free and open to all area parents with children birth to 12, including those children too big for regular car seats but too small to be properly restrained by seat belts alone. As in the past, registration is required by calling the toll-free Parent Helpline at 1-888-610-2323.

Parents who attend a clinic will receive instruction from certified technicians about proper car seat installation. Families are asked to bring any existing car seats, which will be checked for suitability, crash history and recall status. If a family doesn't have a suitable seat, one will be provided free of charge.

Child Passenger Safety Clinic Schedule
